SPONSORSHIP PROGRAM 2021

Assisting Communities & Preparing Responders

TRANSCAER (Transportation Community Awareness and Emergency Response) is a voluntary national outreach effort with a mission to assist communities to prepare for and respond to a possible hazardous material transportation incident.

TRANSCAER's Sponsorship Program provides companies with exclusive opportunities to build relationships with emergency responders, industry, and transportation companies. It also provides a unique opportunity to connect with specific targeted audiences in order to promote the safe transportation and handling of hazardous materials.

Why become a sponsor?

Benefits

TRANSCAER trains 30,000+* emergency responders each year for FREE! Since we are a voluntary national outreach program, we depend on our sponsors to financially support our training and outreach initiatives.

Sponsorship benefits your company with new channels to promote your brand and visibly promote the safe transportation and handling of hazardous materials.

Sponsorship both supplements and reinforces your more traditional training initiatives. Your sponsorship support enables TRANSCAER to provide quality training programs for emergency responders throughout the year.

**Note: Due to COVID-19 in 2020, TRANSCAER was not able to train the same level of emergency responders. The training totals for 2015-2019 have consistently been over 30,000 responders annually.*

Other Benefits Include:

Mission Support

TRANSCAER's Sponsorship Program is designed to visibly enhance your support of TRANSCAER's mission of assisting communities to prepare for and respond to a possible hazardous materials transportation incident.

Partnership Opportunities

Companies that are responsible for promoting the safe handling and transporting of hazardous materials can access many benefits through direct connection with TRANSCAER. There are valuable partnership opportunities as a sponsor to connect with chemical manufacturers, transportation carriers, distributors, and emergency response companies and agencies.

High Profile Branding

Co-branding opportunities are available at national-level hazmat conferences, as well as at state level hazmat conferences, seminars, and training events throughout the year. All sponsoring companies benefit from logo placement in TRANSCAER's brochures, programs, magazine, and monthly e-newsletter.

Become a Sponsor Today!

Terms & Conditions

Sponsorship opportunities offered as part of TRANSCAER's Sponsorship Program are available to organizations that have a formal and substantial mission which is supportive of TRANSCAER beliefs, principles and philosophies and it views TRANSCAER as a means to promote hazmat safety, rather than as a means to access contacts for commercial purposes.

Eligibility

TRANSCAER Sponsors are limited to nonprofit industry and transportation trade associations only. All other individuals or companies may be eligible as TRANSCAER Partners or TRANSCAER Corporate Members.
