Assisting Communities & Preparing Responders

TRANSCAER's Sponsorship Program provides companies with exclusive opportunities to build relationships with emergency responders, industry, and transportation companies. It also provides a unique opportunity to connect with specific targeted audiences in order to promote the safe transportation and handling of hazardous materials.

TRANSCAER® (Transportation Community Awareness and Emergency Response) is a voluntary national outreach effort with a mission to assist communities to prepare for and respond to a possible hazardous material transportation incident.

Why become a sponsor?

Benefits

TRANSCAER continues to train over 40,000 emergency responders each year for FREE! Since we are a voluntary national outreach program, we depend on our Sponsors to financially support our training and outreach initiatives.

Sponsorship benefits your company with new channels to promote your brand and visibly promote the safe transportation and handling of hazardous materials.

Sponsorship both supplements and reinforces your more traditional training initiatives. Your sponsorship support enables TRANSCAER to provide quality training programs for emergency responders throughout the year.
