

TRANSCAER®

TRANSPORTATION • COMMUNITY AWARENESS • EMERGENCY RESPONSE

CORPORATE MEMBERSHIP PROGRAM

TRANSCAER® (Transportation Community Awareness Emergency Response) is an outreach program covering North America. Since 1986, the organization has focused on assisting communities and training emergency responders to prepare for and respond to hazardous material transportation incidents. The TRANSCAER program is led by industry professionals and supported by partner agencies who are critical to the success of our mission

TRANSCAER's Corporate Membership Program provides companies with exclusive opportunities to build relationships with emergency responders, industry, and transportation companies. It also provides a unique opportunity to support hazmat teams across North America by supporting the TRANSCAER Hazmat Team Response Fund.

WHY BECOME A CORPORATE MEMBER?

TRANSCAER trains thousands of emergency responders each year for FREE! Since we are a voluntary national outreach program, we depend on our corporate members to financially support our training and outreach initiatives.

Corporate membership benefits your company with new channels to promote your brand. Additionally, your membership contributions enable TRANSCAER to provide quality training programs for emergency responders throughout the year.

OTHER BENEFITS INCLUDE:

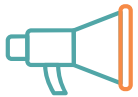

Employee Satisfaction: Companies that partner with nonprofits and are engaged in community outreach tend to have better employee retention and satisfaction.

Professional Development: Volunteering is a great way to not only give back to your community, but one of the benefits of volunteerism to your employees is the ability to create new skills and sharpen existing ones.

Philanthropy: Volunteering highlights the philanthropic work of your organization and improves consumer confidence that your organization is invested in social responsibility.

Marketing & Community Outreach: Becoming a corporate member and showing your support of emergency responders improves your reputation among your peers and in the community. Improving employee satisfaction and professional development and demonstrating corporate social responsibility can result in a positive return on investment.

TRANSCAER Hazmat Team Response Fund

The TRANSCAER Hazmat Team Response Fund was created to make sure hazmat responders have the proper hazmat response equipment and advanced training to protect themselves and their community when responding to hazmat transportation incidents.

From each corporate membership fee, a portion ranging from \$500 - \$3,000 is allocated to the TRANSCAER Hazmat Team Response Fund.

The TRANSCAER Hazmat Team Response Fund provides annual awards between \$500-\$2,500 to hazmat teams who are seeking to purchase specific hazmat equipment or attend advanced training.

CORPORATE MEMBERSHIP BENEFITS CHART

Terms & Conditions

TRANSCAER corporate members are companies who support the overall TRANSCAER mission and want to provide financial support to the TRANSCAER program and the TRANSCAER Hazmat Team Response Fund.

Corporate members receive benefits that are outlined in this corporate membership brochure. Corporate members are not National TRANSCAER Task Group (NTTG) Members, they do not attend NTTG Meetings, and do not receive a vote. Corporate Members are not eligible to serve on the TRANSCAER Executive Committee.

Eligibility

Organizations that are nonprofit industry and transportation trade associations may not join solely under the Corporate Membership Program and must enter the program as Sponsors.
